

SAFETY AND PRECAUTION

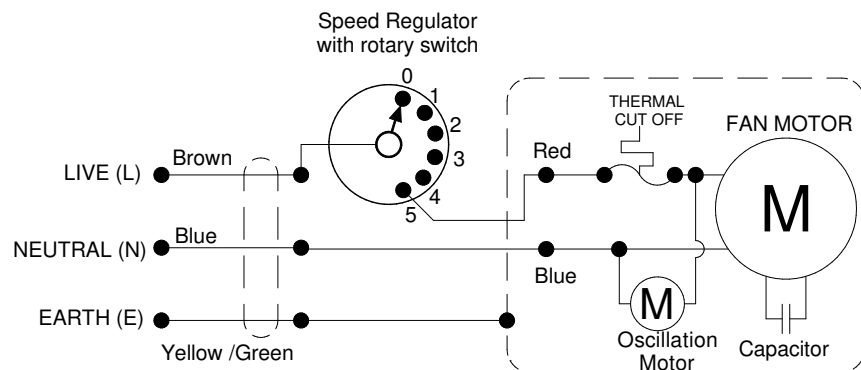

! WARNING

- *Before cleaning the fan, disconnect the electric supply for safety purpose.
- *Do not apply chemical such as insecticide spray to your fan.
- *Do not insert your finger or other object through the fan guard while fan is operating.
- *If unusual oscillating movement is observed, immediately stop using the fan and contact authorised service personnel.

! CAUTION

- *The fixing means for attachment to the ceiling such as hooks or other devices shall be fixed with sufficient strength to withstand 10 times the weight of the fan.
- *That mounting of the suspension system shall be performed by the manufacturer, its service agent or suitably qualified persons.
- *The fan is to be installed so that the blades are more than 2.3m above the floor.
- *Handle fan blade with care during cleaning.
- *Use power supply with rating of 220-240V~ 50Hz.
- *Do not use gasoline or other chemical for cleaning.
